

## KEEP OUT OF CUBA.

Fillbustering in the United States Must Be Stopped.

## PRESIDENTIAL PROCLAMATION.

It Warns All Citizens Against Violation of the Neutrality Laws in the Case of Cuba and Instructing United States Officers, to Rigorously Enforce the Laws and Punish Violators Thereof.

WASHINGTON, June 13.—Secretary Olney is thoroughly determined that the United States government shall do all in its power and all that international law requires to prevent the violation of United States territory by persons who undertake to make it a base of hostile operations against Spain, with which power it is at peace.

Complaints have reached the department of state through the Spanish minister that men are being recruited on American soil, and that armed expeditions are leaving our shores for the purpose of attacking the Spanish forces in Cuba. Whenever the necessary evidence can be procured these infractions of the law of the United States are to be severely punished, for the secretary of state will leave no just ground for complaint that the United States had failed in its obligations to other nations. Meanwhile, however, it has been deemed proper to give formal warning to misadvised people of what they may expect. The following proclamation has been issued from the state department:

By the President of the United States—A Proclamation:

WHEREAS, The island of Cuba is now the seat of serious civil disturbances, accompanied by armed resistance to the authority of the established government of Spain, a power with which the United States are and desire to remain on terms of peace and amity; and,

WHEREAS, The laws of the United States prohibit their citizens, as well as all others being within and subject to their jurisdiction, from taking part in such disturbances adversely to such established government, by accepting or exercising commissions for warlike service against it, by enlistment or procuring others to enlist for such service, by fitting out or arming, or procuring to be fitted out and armed, ships of war for such service, by arming or equipping any ship of war engaged in such service and arriving in a port of the United States and by settling on foot, or providing or preparing the means for military enterprise to be carried on from the United States against the territory of such government.

Now, therefore, in recognition of the laws aforesaid and in discharge of the obligations of the United States toward a friendly power, and as a measure of precaution, and to the end that citizens of the United States and all other within its jurisdiction may be deterred from subjecting themselves to legal forfeitures and penalties, I, Grover Cleveland, president of the United States of America, do hereby admonish all such citizens and other persons to abstain from every violation of the laws hereinbefore referred to, and do hereby warn them that all violations of such laws will be rigorously prosecuted; and I do hereby enjoin upon all officers of the United States, charged with the execution of said laws, the utmost diligence in preventing violations thereof and in bringing to trial and punishment any offenders against the same.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this twelfth day of June, in the year of our Lord, eighteen hundred and ninety-five, and of the Independence of the United States of America, the 119th.

GROVER CLEVELAND.  
By the President:  
RICHARD OLNEY, Secretary of State.

## COMMENTS ON THE PROCLAMATION.

Sensational Morgan and Call Explain the Exact Meaning of the Document.

WASHINGTON, June 13.—The issuance of the president's proclamation against extending aid to the Cuban insurgents gave rise to considerable discussion as to whether it did not practically amount to a recognition of the rebels as belligerents. Such an interpretation of the proclamation, however, is not correct, according to the opinions of several well known public men.

Senator Morgan of Alabama, who is a recognized authority on international law, when asked about the matter, said: "No recognition of the rights of belligerency are accorded by the proclamation, but just the reverse is the case. There would have been no necessity for such action if the insurgents were belligerents, for then the citizens of the United States would have the right to sell them munitions of war if they could escape the blockade of the Spanish fleets. It is simply carrying out the law on the subject. Similar proclamations have, I believe, been heretofore issued at times of Cuban insurrections, and at the time the Texans were endeavoring to throw off the authority of Mexico one was issued warning citizens of the United States from aiding them."

Senator Call of Florida said the proclamation did not intend to accord the insurgents the rights of belligerents, and undoubtedly did not do so. It would, however, he said, have no effect in preventing the departure of those who were willing to aid the Cuban cause. Because it was utterly impossible to guard the coast of the United States for the government had not the force at hand to do so.

"What is there to prevent a foreign ship from sailing from any ports in the United States ostensibly for Europe or any other place with assistance abroad

for the insurgents, and then transferring its cargo or sailing from some other ports for Cuba?"

The president's proclamation, said the senator, was rather stronger than he liked. "I am," he said, "in favor of the independence of Cuba, for it is a foregone conclusion that the island will throw off the Spanish yoke. In my judgment it is a wild idea to suppose that this government can support the tottering government of Spain over Cuba, or that it ought to do it."

## SENTIMENTS WITH THE INSURGENTS.

The Climate Alone Keeping Thousands of Americans Out of Cuba.

WASHINGTON, June 13.—When asked as to the character of the filibusters who are reported to be leaving the Florida coast for Cuba with the view of participating in the Cuban insurrection, Senator Call of Florida said a majority of them are of Cuban descent.

"The sentiment in Florida," he continued, "is generally with the insurgents, as I am satisfied it is in the country at large, and but for the Cuban climate and the danger of contracting fever on the part of native Americans, I believe the Cuban army would ere this have been reinforced by a hundred thousand men from this country."

The senator said the administration could not under existing circumstances, and in view of our treaty obligations, do less than make an effort to prevent the filibustering expeditions unless it should, as he thought it ought, decide to recognize Cuban independence. He was of the opinion that it would be more difficult in the fall, when there would no longer on account of yellow fever to keep American sympathizers out of Cuba than at present.

## TWO MORE BATTLES FOUGHT.

In Both Cases the Spaniards Won Accord- ing to Their Story.

HAVANA, June 13.—The advance guard, consisting of 100 men of the 1,500 cavalry commanded by Maceo, Miro and Sartorius, attacked a detachment of 10 soldiers which was guarding the railroad near Holguin, province of Santiago de Cuba. The soldiers were reinforced by Lieutenant Ruiz and 20 soldiers, but after half an hour of firing, the detachments retreated. Later, however, they were reinforced by 100 soldiers belonging to the column commanded by Colonel Galuda. This body of troops some time afterward was engaged with the main body of the enemy and fought its way to Atras, which was not attacked. The troops lost two killed and in addition five men are missing.

The band of insurgents, about 50 strong, commanded by Campanoni and Agramonte, attempted to surprise the troops at Moran Tuesday night. The soldiers, however, promptly opened fire on the insurgents, who immediately retreated. At daylight one dead insurgent and two others who were seriously wounded, were found in the streets.

## Spain Taking Energetic Action.

MADRID, June 13.—Official dispatches received here announce that the insurgents have appeared in the central province of Cuba.

The senate has adopted a bill to authorize the government to raise, in case of need, a loan of 600,000,000 pesetas on account of the island of Cuba. Minister of war, General Azcarra, is actively occupied in organizing reinforcements and 40,000 men will be ready to start for Cuba in August. Ten thousand soldiers will leave next week. The government has decided on energetic action at all costs.

## Rebels Repulsed.

MADRID, June 13.—Advices have been received here from Havana, that two bodies of rebels of about 500 each made an attempt to capture Moran and Puerto Principe. Both attacks were repulsed.

## Raleigh Ready to Start.

NEW YORK, June 13.—The cruiser Raleigh will start today for Key West. It is expected that she will make the trip in about three days and a half.

## A SHIPWRECKED CREW.

Several Men's Eaten by Sharks and Others Fought Desperately For Life.

NEW YORK, June 13.—Second Mate Tip Stanley, Stewart Iverson and 14 seamen, the survivors of the lost bark Carrie E. Long, have reached this port on a British steamer. The bark was loaded with petroleum, and was struck by lightning May 21, near the Bahamas, and burned to the water's edge. Captain Kolf, First Mate Esburg and Charles Houston, after floating about on wreckage, were devoured by sharks, and the survivors were only picked up after a terrible experience in the sea fighting, as they did half the time, the sharks that attacked them. The lifeboat caught fire, and after that they floated about on wreckage until picked up.

## Unpaid Wages Causes a Strike.

MUNCIE, Ind., June 13.—On account of \$6,000 wages due the employees of the Florence iron and steel works from the old management, 1,000 of the 2,000 men employed there stopped work yesterday. The new management wanted the men to work three weeks and draw one week's pay, but the men were afraid they would receive no pay and threw down their tools. John W. Briggs is the new manager of the plant.

## Twenty-Four Lives Were Lost.

BREKLAU, June 13.—The loss of life in the fire at the Segingoltes mine, belonging to Count Donnersmark, which broke out Monday last, where 400 miners were at work, is not so great as at first anticipated. Nine bodies have been recovered and 15 persons are still missing; the rest of the miners escaped. There is no doubt that the missing miners were suffocated.

## UNAIDED AND ALONE

Uncle Sam the Sole Protector of the Behring Sea Seals.

## ENGLAND REFUSES TO AID US.

The Situation Is One Calculated to Breed Trouble and Is the Cause of Some Anxiety to the Treasury Officials—Canadian Pressure Brought to Bear on Great Britain.

WASHINGTON, June 13.—Great Britain has failed to renew her adherence to the joint regulations for the government of the seal fisheries in Behring sea, and upon the United States has devolved the patrol of this vast area single handed and under conditions that might at any time give rise to trouble.

Beginning early in the year the state department has sought to induce the British government to renew these regulations, but up to this date the effort has been unsuccessful, and now that Sir Julian Pauncefote, the British ambassador, has gone home to England on leave of absence, it is certain that nothing in that direction can be accomplished before next fall, too late to be of any avail during the present season.

This declaration of the British to enter again into the joint regulations is attributed entirely to Canadian pressure, and it is felt that if left to follow their own impulses they would not hesitate to join the United States in the execution of the recommendations of the Paris arbitration in spirit, as well as in letter. The situation is one calculated to breed trouble, and is the cause of some anxiety to the treasury officials.

## AVENGED HER HONOR.

A Recreant Lover's Throat Cut by the Girl He Had Wronged.

NEW YORK, June 13.—A special to The World from Mount Vernon says: Justina Grilla avenged herself upon her recreant lover Pasquale Muscato, on Seventh avenue yesterday, by cutting his throat in the public streets. The girl is only 16, is slight and quite pretty. Bystanders say Muscato pushed the girl aside. Justina sprang upon him and circled his neck with her left arm, and drew the razor across his throat.

The blood drenched the girl and Muscato fell to the pavement. She stood above him as he lay writhing and held aloft the razor dripping with blood. A policeman took her to the station and her victim, who appeared to be dead, was removed to Mount Vernon hospital, where he will probably die.

The girl said Muscato had ruined her under promise of marriage. When he called the night before, Justina warned him to marry her. He laughed, and they parted in great anger. The girl remained up all night. She secured an old razor and watched for Muscato.

She met him and asked him if he intended to marry her. He told her to go away and leave him alone. Then he pushed her.

She was committed to the county jail to await the result of the man's injuries.

## TOWN DAMAGED BY FIRE.

Geneva, Indiana, Almost Entirely Destroyed and Several People Injured.

DECATUR, Ind., June 13.—Tuesday night the town of Geneva, in the southern part of this county, was almost entirely destroyed by fire. The flames were first discovered in Julius' grocery store and spread rapidly to adjoining buildings. The town has no fire protection, and owing to the drought, all cisterns and many wells were dry. The only business building that escaped was the Shamrock hotel and bank building, saved by blowing up with dynamite the saloon adjoining. The aggregate loss on buildings and stock will reach over \$100,000. In no instance was the stock saved from the burning buildings.

Several people were seriously injured during the fire, but no fatalities have been reported. There was not over \$10,000 insurance carried by the merchants of Geneva, making everything a total loss and leaving several business firms almost penniless. Four fine residences with all contents were also consumed. The fire department of this city was sent for but could not reach the fire in time to save anything.

## OCEAN VESSELS COLLIDE.

One Being Very Light, No Serious Damage Was Done.

NEW YORK, June 13.—The Red Star liner Noordland had just passed the last turn in the channel at 2 o'clock yesterday afternoon, headed out to sea, when she collided with the German tank steamer Deutschland. A heavy bank of vapor was responsible for the accident.

The only thing that saved the Deutschland from being cut in twain was the fact that she was light. Had she been laden deep the keen prow of the Red Star liner would have cut her down as sheers pass through paper. As it was, 12 of her heavy side plates were destroyed and other minor damage was done. The Red Star liner's damage was apparently light, for she proceeded on out to sea. No one was hurt.

## Two More Survivors of the Colima.

SAN FRANCISCO, June 13.—The steamer Colon arrived from Panama at midnight with two more survivors of the Colima on board. Their names are Frederick Johnson, a sailor, and Robert Gonzales, mess boy. They were picked up by the steamer Baracouta and taken to Manzanillo. When the Colima went down they got on a raft and floated about for hours before help came.

## DEBS WAS—— (L. P. N. G.)

His Appearance Did Not Bear Out the Statement.

CHICAGO, June 13.—The mysterious disappearance case of President Eugene V. Debs of the American Railway union has been explained. He presented himself at the United States marshal's office at 11 a. m., accompanied by Lester J. Hubbard, a Populist labor editor of this city. Mr. Debs said he had gone to sleep at a friend's house and had not awakened until morning.

The appearance of both Debs and Hubbard indicated to the marshal that neither had slept during the night, and he doubted the story they told. He blamed Hubbard for keeping Debs from fulfilling his promise to surrender and censured him severely for not reporting Debs' whereabouts and inability to join his colleagues on the train for Woodstock jail. "I would have given Debs two days to go straightened out, if he had asked me," said the marshal.

Aside from a bad headache Debs seemed to be in good health when he arrived at the marshal's office, but the marshal put him on a couch in the jury room to rest until he could be taken to the depot at 5 o'clock and put on the train for Woodstock in charge of Chief Deputy Logan. He told the marshal this was the first time he had broken his word to any man, and he felt the disgrace keenly, although he would not admit that he had been intoxicated. His condition, however, spoke for itself, and the marshal was too kindhearted to make his prisoner feel more uncomfortable by asking questions. He dismissed Hubbard with peremptory notice that hereafter he would take care of Debs and see him on the way to jail.

George Howard, who was vice president of the American Railway union during the strike, was in the marshal's office most of the day waiting to be taken to jail at Joliet to serve his three months' sentence. He said he had broken with the American Railway union because Debs refused to allow him to exercise his constitutional right to act as president in the absence of Debs, and he preferred to identify himself with an organization where he amounted to something.

Martin Elliott, the Pennsylvania director of the American Railway union, reported to the marshal also, and at 5 o'clock he and Mr. Debs were taken to the jail at Woodstock, and Howard was taken to the Will county jail at Joliet one hour later.

## OHIO PROHIBITIONISTS.

Delegates to the Springfield Convention Have Completed Their Work.

SPRINGFIELD, O., June 13.—The Prohibition convention completed their labors and adjourned. The broad gauge men carried everything before them even to the substitute offered for the financial plank in the platform. This plank caused considerable discussion and as adopted is as follows: "The money of the country should be of full legal tender, issued directly to the people on ample security in such quantities as the people may demand and to a uniform rate of interest. To this end the government should establish real national banks as it does post-offices wherever the convenience of the people demands; until such financial system can be established, we favor the free and unlimited coinage of silver and gold at the ratio of 16 to 1 as a temporary relief."

Other clauses of the platform advocate the abolishment of the liquor traffic, woman's suffrage, no land monopoly, government control of natural monopolies, one day of rest by law, pensions to soldiers and widows, election of all officers by a direct vote of the people, amendment to the constitution allowing the taxation of incomes and property, import duties levied upon luxuries, no appropriation of public money for sectarian use and civil services rules applicable to all appointive offices.

The following state ticket was named: For United States senator—R. S. Thompson of Springfield.

For governor—Seth H. Ellis of Springfield, Warren county, a prominent grange man and Quaker.

For lieutenant governor—J. W. Sharp of Mansfield.

For attorney general—W. C. Bates of Columbus.

For auditor—A. S. Caton of Coshocton county.

For treasurer—J. W. Hawkins of Steubenville.

For supreme court judge—T. Moore of Jackson county.

For supreme court clerk—David T. Spicer of Richwood, Union county.

For board of public works—James Benjamin of Zanesville.

## THUNDERSTORM IN ROME.

Considerable Damage Done to Property But No Lives Were Lost.

LONDON, June 13.—The Standard's Rome correspondent telegraph to that paper that a terrific thunderstorm occurred in that city Tuesday night, and lasted for two hours. The rain descended in torrents, and flooded the cellars and did great damage, stopping the operation of all the telegraph and telephone lines, and extinguishing all the electric lights in the city.

Lightning set fire to the church of Santa Maria del Pianto.

The violence of the storm caused a panic in the different theaters in the city, the terrors of the recent earthquake in Italy being present in many minds to add to the fright. They were, however, no fatalities.

## Evangelist Phillips Ill.

DELAWARE, O., June 13.—Rev. Philip Phillips, the world famous evangelist, is critically ill at his home on Oak Hill avenue in this city. He has been sick for about four years, suffering from consumption.

## FIRED INTO A TENT

Defenseless Women and Children Shot Down.

## FIENDISH CRIME IN ARKANSAS.

One Woman and a Boy Killed Outright and a Little Girl Fatally Injured—The Leader of the Attacking Party Instantly Killed by a Man He Had Previously Wounded.

LITTLE ROCK, June 13.—A most fiendish crime was committed at Willis' Landing, on White river, about five miles from St. Charles, Sunday afternoon, the details of which have just reached this city. Maddened by drink and impelled by a desire to revenge an imaginary wrong, John Kemp, with a party of friends, fired a volley of gunshots into a tent filled with defenseless women and children, killing one woman and a boy outright, and fatally injuring a little girl.

For some time a party of fishermen, consisting of two families, one named Thomas and another whose names are not known, have been camping in a tent at Willis' Landing. Farmers in the neighborhood accused the fishermen of killing their hogs. One day last week Kemp went to the tent, and in the absence of Thomas and his companion used vile language to the women of the party. A warrant for Kemp's arrest was afterward sworn out by Thomas, but it was never served.

Sunday afternoon Kemp and six or seven companions, all under the influence of liquor rode up to the tent and without waiting to learn who was within, began pouring a volley of shot through the canvass. One of the women received a load of buckshot in the breast killing her instantly. A boy was literally shot to pieces and a girl fearfully wounded, her death occurring shortly afterward. One of the fishermen was shot through the ankle, rendering amputation of that member necessary. Thomas seized the only gun in the tent and fired upon Kemp, killing him instantly. After that the others of the assaulting party fled. The coroner is investigating and arrests will likely be made.

## HAILSTORM IN MINNESOTA.

Chunks of Ice as Large as a Man's Fist Fell at Fergus Falls.

FERGUS FALLS, Minn., June 13.—The heaviest hailstorm ever known in this section visited this city at 4 o'clock yesterday afternoon, and in 15 minutes did immense damage to crops, the extent of which can not yet be estimated.

The storm came from the northwest and was evidently of considerable extent. Some chunks of ice as large as a man's fist were exhibited after the storm had passed. The streets looked as if a heavy snow had fallen. Practically all the windows on the north and west sides of buildings in the city were broken, only the heaviest plateglass escaping. Several small washouts along the railroads are already reported.

As most of the wheat had not jointed, the greater part of it will recover and come out all right. Wheat that has already jointed is undoubtedly a total loss, and the fields will have to be plowed up.

Outside of window glass and flat crops only small damage has been reported.

## WILL DEMAND INDEMNITY.

China Will Be Asked to Explain the Recent Mission Outrages.

WASHINGTON, June 13.—The confirmation of reports that American missionary property in China has been destroyed, makes it probable that the United States government will require China to make suitable indemnity when the facts are officially established. A precedent for such recompense was made when the United States paid China a considerable amount for mob depredations on Chinese in the far northwest.

The reports of losses to mission property in China vary. It is said that the indemnity asked will cover not only the actual damage and loss to the American missionaries, but also a punitive sum as recompense for the indignity suffered.

## DYNAMITE IN THE DIRT.

How Driver Goodenow Roused the Neighbors.

LIMA, O., June 13.—Great excitement was created by the explosion of nitroglycerin at the residence of William Goodenow, a driver for the Hercules company. He had cleaned his wagon, and taking the straw and dirt placed it in a vacant lot south of his house and set fire to it. There happened to be more of the explosive in the dirt than he judged, and it exploded with great force, shaking the city and doing much damage to windows in that part of the city. Fortunately no one was near enough to be injured.

## Injured in a Wreck.

PITTSBURGH, June 13.—A serious railroad accident occurred on the Pittsburgh and Lake Erie railroad, 47 miles from Pittsburgh. A paycar and a freight train collided near Mahoningtown, wrecking both. Engineer Cross, Fireman Brown, Train Dispatcher Low, Assistant Train Dispatcher Hall and the paymaster were all severely injured, but it is thought none fatally. Eight others were slightly hurt.

## Pacing Horse Burned to Death.

CLEVELAND, June 13.—The pacing horse Don Juan, record 2:15, was burned to death yesterday during a fire in the stable of Giles Bernard, on Long street.

## Thunder showers; warmer weather in southwestern portion; westerly winds.

HON. HENRY WILSON, of Louisville, has announced to his friends that he will be a candidate for United States Senator, if the Republicans should realize their dream of securing enough votes in the Legislature to give them a chance for electing a Senator. If the Democrats don't quit their wrangling over the money question, there's no telling what may happen.

THE Log Cabin will not be mistaken for the Phoenix when the voters line up at the voting booths in November. The adoption of the "Phoenix" by the Populists was a Democratic trick which even tar soap cannot remove.—Public Ledger.

Suppose one of the parties should now adopt a school house as its emblem. Then "you"ns" would be in the middle of a bad fix. Half the G. O. P. voters in Kentucky couldn't tell the difference between it and the log cabin of their own party.

THE latest political scheme at Lexington has Colonel Breckinridge's friends grooming him for the Senatorial race, to succeed Senator Blackburn. The Louisville Post correspondent says:

Mason County Democrats of prominence have written here to learn who will be agreeable to Colonel Breckinridge.

"Mason County Democrats of prominence" could be engaged in better business. The party has enough already to carry in the coming fight, without bringing Colonel B. into the race.

## PERSONAL.

—Judge Holt of Frankfort is in town.  
—Mr. H. A. Power, of Paris, is here on business.

—Mr. J. L. Patton left last night on a business trip to Huntington.

—Mr. W. C. Mann, of the Indianapolis Sun, is visiting Mr. John Terry.

—Mrs. Dr. Locke, of Newport, is a guest of her father, Squire John L. Grant.

—Mrs. Amanda M. Bridges is at home after a visit to her son at Higginsport.

—Mr. Samuel M. Hall, of the Hall Plow Works, was in Cincinnati yesterday on business.

—Miss Ellen Shackelford has returned from Millersburg where she attended the commencement.

—Master Panel Kehoe, of Flemingsburg, is visiting the family of his uncle, Mr. J. N. Kehoe.

—Miss Kate Ryan arrived home yesterday from Nashville, Tenn., where she has been for several months past.

—General Manager Stevenson, of the C. and O., passed east last night in his private car, accompanied by several friends.

—Mr. Edgar L. Mitchell and mother, of Bessemer, Ala., spent Wednesday in this city, and left for home this morning. Mr. Mitchell's wife has been in feeble health a year or so, but is improving now.

## Lost.

But we have found it—the road to health through Chenoweth's Sarsaparilla, the best blood purifier, liver regulator and general spring tonic. It is made and guaranteed by your home druggist, Thomas J. Chenoweth.

ACCIDENT ins. tickets. W. R. Warder.

## BURNS BURNED,

So His Friends Still Claim, at the Republican State Convention.

They Say That Figures Were Switched And That He Got The Worst of It.

[Cincinnati Post.]

LOUISVILLE, Ky., June 11.—All is not harmony in the Republican ranks in Kentucky, notwithstanding the effort to make it appear so.

In the race for Lieutenant Governor, Bradley wanted L. J. Crawford, of Newport, nominated, but the movement was started too late to materialize.

It was in the race for Attorney General that the Garrard County leader showed his hand the plainest.

Hon. Rollins Burns, of Catlettsburg, and W. S. Taylor, of Morgantown, were the leading candidates. Bradley preferred Taylor, in order to reward him for having elected Bradley a member of the National Republican committee at Lexington, three years ago.

Burns learned of this move and put a watch over the convention Secretaries.

This action upon the part of Burns was not made public, and as soon as the ballot was completed Burns secured the original tally sheet and kept it.

"His tally sheet," said one of Burns' lieutenants to The Post correspondent, "shows that where one county gave Burns 16 votes and Taylor 3 the numbers on the tally sheet were simply reversed, and read, Burns 3 and Taylor 16. Just who did this will one of these days leak out."

"What is Mr. Burns going to do about the matter?" asked the correspondent.

"Going to do about it? What can he do? All the machinery is against him, and he simply has to grin and bear it."

"Burns' friends are mad, and will do nothing for the ticket," said another Republican who was present. "They feel that a cold deck was worked in on them, and that Bradley did it. The silver people, with the admirers of Mr. Burns, may cut considerable of a figure before this thing is ended."

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

Cole's water filter \$2—Fitzgerald's, the plumber.

THE Portsmouth Blade says the running races here on July 4th will draw a big crowd from that city.

Mr. W. C. Bloom and family left yesterday for Cincinnati where they will make their home hereafter. They were among Maysville's most estimable people and their departure is very much regretted. They carry with them the good wishes of their many friends.

THE grand jury finished its business yesterday and was discharged. Indictments were returned against William Sons for breaking into an outhouse and stealing chickens, and against the Dover and Minerva Turnpike Company for permitting road to remain out of repair; also against Charles C. Degman for interfering with an election.

REMEMBER the Union Trust Company has on hands at all times first mortgage bonds, in almost any denomination, for sale, which bear interest at 6 per cent. per annum, payable semi-annually. Those who are wanting to invest their savings should call on the undersigned.  
W. W. BALL, Secretary.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

## CROP PROSPECTS IN THIS STATE.

What the Kentucky Weather Service Says of the Outlook at The Present Time.

The weather conditions of the past week were as a rule favorable to all agricultural interests, and the general tone of reports received indicates a much better feeling among farmers generally. Though the excessively warm weather of last week resulted in benefit to crops generally, the need of rain was commencing to be felt quite seriously in many localities at the date of last report. General, and in many localities, very heavy showers fell on the 4th and 5th. While the amount of precipitation in different parts of the State varied widely, and some few localities received none at all, the general average was about three-fourths of an inch. The northern counties, especially Jefferson, report by far the largest amounts. The correspondent at Pleasant Ridge Park states that 3.08 inches fell in the twenty-four hours, ending at 8 p. m. of the 5th. This is remarkably large, and has been surpassed but rarely in this State. Cool weather followed the rain, but the temperature rose gradually during the week, reaching an average maximum of about 90° on Sunday and Monday. Generally clear or partly cloudy weather prevailed, and a very nearly normal amount of sunshine was received.

The general effect of these conditions was to give an impetus to the growth of all crops, and to permit of such cultivation and working as was necessary. The general situation is encouraging and many correspondents state that the outlook is highly favorable.

As indicated in last week's report, the cut-worms have practically disappeared, very few correspondents reporting their presence this week. They have proved to be the most serious drawback of the season to crops and to farm work generally.

Reports regarding the condition of wheat are very conflicting, but it seems probable that considerably less than an average crop will be harvested. The rains of the week have improved the crop, though in some sections they were so heavy as to cause it to fall. Much complaint of the Hessian fly and rust is made this week, though the damage from these influences appears to be confined to certain localities. Some fields have been plowed under and planted in corn. The grain is ripening rapidly and the harvest will be commenced in the western and central counties during the next week.

Much improvement was made in the condition of corn during the week, and the outlook at the present time is very encouraging. The crop is making rapid headway toward recovery from injury caused by cut worms and frost, and, with favorable weather conditions, much of it will soon attain the average growth for the season. A large proportion of the crop will, of course, be very late on account of the necessity of so much replanting. During the past week the work of planting was completed and much cultivation of the early crop was done. Generally speaking, farmers feel greatly encouraged over the prospects for this crop at the present time.

Pastures and meadows were greatly improved by the rain, but are still short. Complaints of shortage of pasture are quite general, and the condition of live stock is not, therefore, up to the standard. Meadows do not look so well as might be desired, and the prospects for a good hay crop are not so encouraging as they were some weeks ago.

Oats are generally in fair condition, though in some sections they are heading out short. The crop would be greatly improved by good rains.

The rain made an excellent tobacco season in most sections of the State and great progress was made with the work of transplanting during the week. About three-fourths of the plants have been set and are doing well generally. Plants are abundant and of good quality in most sections. The present prospect for a good stand is excellent. Farmers are now waiting for rain to transplant the remainder of the crop.

Garden products of all kinds have made rapid progress during the week, and though they will be late, they promise good yields, especially potatoes.

## WANTED.

WANTED—The public to know that A. S. Conrad is no longer in the employment of the Singer Manufacturing Company. Any one having business with the above company will please call at the office, 45 West Second street, THE SINGER MANUFACTURING COMPANY.

WANTED—The public to know the reason why I quit the Singer Company. First, they raised the price of their machine from \$40 to \$85. Second, because I am handling just as good a machine for \$25 less money, and also handle all sorts of machine supplies. Also organs and pianos. The people will find me at No. 114, opera house building, Maysville, Ky.

A. S. CONRAD.

WANTED—Ten girls of good character, not afraid to work, to learn shoe fitting. We can guarantee any girl or boy steady employment who is willing to apply themselves and learn this business. We will also guarantee good wages after they have once learned to do their work properly. Apply at SHOE FACTORY at once.

WANTED—Any one having a six-room dwelling house for rent will please apply at this office.

WANTED—Washing and ironing and will do lace curtains and bed clothes. Apply to SILVA JOHNSON, No. 39 East Second street.

## FOR RENT.

FOR RENT—Two-story business house No. 30 East side Market street, next door to Culbert, the barber. Good business stand. Rent cheap. Apply to FRANK P. O'DONNELL, agent.

FOR RENT—Two-story brick dwelling, No. 319 West side of Limestone street, between Third and Fourth streets, containing five rooms and kitchen. The property is in complete repair. Rates reasonable. Apply to M. C. HUTCHINS, agent.

FOR RENT—The convenient two-story brick residence, No. 216 West Second street. Apply to GEORGE H. HEISER.

FOR RENT—Frame dwelling of five rooms. In thorough repair. Apply to MRS. MARY T. COX.

# PRETTY FEET

Should have pretty Shoes, the prettiest Shoes, in fact, that can be found. For the information of all possessors of pretty feet in Maysville (and their number is large) we desire to say that we have the very shoes they require. A glance at our stock will prove this statement beyond all question. In the matter of prettiness, the Shoes are the best evidence, and we submit ours as conclusive proof of their superiority. They are not only pretty, but stylish, durable, comfortable, and much more than pretty cheap at our figures.

## LOST.

LOST—Dog collar with tag (No. 150). Return to Mrs. Buckner Goodman and receive reward.

STILL WINNING.  
The Maysvilles Defeated the Navies  
Yesterday Afternoon.

Things Looked Scary For a Time But  
the Boys Got Together and  
Won Out.

There was a big crowd at the ball park yesterday afternoon, and many of them went out fully expecting to see the Maysvilles go down before the aggregation of kickers from Kickersville—the picked nine from Cincinnati playing under the colors of the Navies. But those who wanted to see the locals defeated were sadly disappointed.

The Maysvilles scored their ninth consecutive victory, but they had to fight for it.

The manner in which the visitors went at the home team right at the opening was calculated to take the life out of most players, but cool-headed Geo. Rieman was in the box, and the writer has got the first time yet to see George with a bad case of "rattles."

Some of the boys were slightly off at the start but they soon got together and, although the Navies had taken a good lead, the locals went to work and batted out a handsome victory.

The Navies had Frank Jones, the ex-Cynthiana twirler, in the box. He was a puzzle to all the locals at the opening, but they at last dropped onto him and in the fourth, fifth and sixth hit him pretty much all over the lot. His slow delivery is the worst feature of his pitching. Jonesy is all right as long as his side is winning, but let fortune turn and he at once takes on a bad case of sulks and wants to put the blame all on the umpire.

Maysville got thirteen hits off of Jones, while the Navies got but ten off of Rieman. It was a lively slugfest match.

The sensational plays of the game were Schroll's home run, Hempleman's one-handed catch of a hot one from McGann, and Cox's running catch of a long fly to center, retiring the visitors in the ninth and closing the game.

The game opened with the visitors at bat. Walker, the first man up, was hit below elbow by Rieman's first ball. He dropped to the ground as if the wind had been knocked out of him. The trick was successful and Purnell allowed him to walk to first. Bodemer sent Walker to third and reached first on an error of short. Bodemer stole second, and Schroll scored Walker and Bodemer on a single over second. Curtis was caught at first by Rieman, Schroll going to third. Heileman scored Schroll on a bit to third, and went to third on bad throws by Tenley and McGann. Heileman attempted to score on Curtis' hit to short, but Craine caught him at the plate and Tenley doubled Carr at first.

The visitors added two more in the third, although they were not entitled to but one. Schroll went out on a fly to Curle. Curtis followed with a two-bagger and went to third on fumble by McGann. Heileman singled, scoring Curtis. Carr sent one to short, but it struck Heileman and bounced over Craine's head and rolled out in field. Although the ball was blocked, Carr kept going and reached home, Purnell allowing him to score. Lind retired the side by striking out. Schroll hit one to deep center for a home run in the fifth, but this was all they could do, Curtis going out on a fly to Wadsworth, Heileman on a foul tip and Carr on a fly to Cox. Nice hits by Schroll and Curtis, a base on balls and Carr's hit to short netted the visitors two runs in the seventh, Schroll and Curtis scoring on McGann's throw to first for a double after Heileman was caught at second. This ended their run-getting.

The Maysvilles never reached scoring territory until the fourth. Rieman opened with a beauty to center for two bases. Wadsworth followed with a nice one down left, scoring Rieman and going to second. Sutherland tried to connect, but struck out. Tenley scored Wadsworth by a hit to left, muffed by Schroll. Tenley was left on second by Cox striking out.

The fifth was a paralyzer to Mr. Jones. Curle walked to first, and stole second, Craine beat out an infield hit to short, advancing Curle. Jones filled the bases by hitting McGann. Rieman scored Curle, Craine being caught at third, McGann reaching second. McGann and Rieman both took a base on Jones' bad throw to second to catch McGann. Wadsworth followed with a long fly to center that was taken by Curtis, McGann scoring on the throw in, Rieman going to third. Sutherland singled to left, bringing in Rieman. Roger's dropped one in safe territory in right, sending Sutherland to third. Little Ray Tenley then sent a beauty to left, scoring Sutherland and Rogers.

In the sixth Maysville got three more runs. Craine beat out a bunt, and stole second. McGann sent a grounder to left,

scoring Craine. McGann stole second. Rieman followed with a nice one to left, scoring McGann, and going to second on the throw to home. Wadsworth followed with a beauty to right center, bringing in Rieman. Sutherland reached first on Jones' rank muff of a pop-up fly. Rogers hit to short, and Sutherland and Rogers were doubled, retiring the side, Curle having gone out at the opening.

In the seventh one more run was scored. With two out, Curle sent a hot one to short, stole second, and was brought home by Craine's two-bagger. Hempleman retired 'em by a one-handed catch of McGann's hit.

**SUMMARY.**  
Runs, Maysville 11, Navies 8; hits, Maysville 13, Navies 10; struck out, by Rieman 7, by Jones 7; home run, Schroll; two-base hits, Craine, Rieman, Wadsworth.

**SHORT STOPS.**  
Mathews will umpire this afternoon. Bradley, the Maysville's left-handed twirler, arrived last night and will be in the box to-day.

Lance, the harpist, will be on hand this afternoon. Go out early and enjoy the music before the game.

Another game will be played to-morrow morning at 10 a. m. This will probably close the series with the Navies.

Craine, who played short yesterday, is a safe hitter and a fast runner. Yesterday was the first time he ever played short.

The game this afternoon will be called at 3 o'clock. Bradley and Craine will be the battery for Maysville, and Ingles and Carr, probably, for the Navies.

**SHIRTS made to order at Nelson's.**

**FIRE INSURANCE.—Duley & Baldwin.**

**Best berries in the market at Calhoun's.**

**Mason jars and jelly-glasses at C. D. Russell & Co.'s.**

**WILSON DELANEY was granted a divorce from Nellie Delaney.**

Second Prize—One year's subscription to Cycling Life; one year's subscription to The Wheel; one year's subscription to Referee; one year's subscription to American Wheelman.....  
Third Prize—One year's subscription to American Wheelman.....

**WHEEL NOTES.**

Neptune Hall will be club headquarters.

The parade will move about 9 a. m. Friday morning.

John H. Page, of Louisville, is one of the candidates for Chief Consul.

Several wheelmen from Portsmouth will be here. Oscar Trimmer of that city will start in several races.

At Bridgeport, Conn., this week C. Ford Seely rode fourteen miles in thirty-three minutes flat, beating the world's record for the distance.

People living or doing business along the route of the parade are requested to do but little sprinkling this evening and to-morrow morning, so that the streets will not be muddy. A word to the wise ought to be sufficient.

Kimble, Fitchner and Nawlen, three of the fastest riders in Louisville, are here, with Mr. Scott their trainer. Among the other arrivals are Conrad, of Cynthiana, and Harry Sidwell and his trainer A. L. Bloomfield of Covington.

The Postoffice Department at Washington City is encouraging the use of the bicycle by individual carriers both in delivering and collecting mails. It declines to permit the diversion of the car fares for the purpose stated, but agrees to grant a certain sum ranging from \$2 to \$5 per month to each carrier, to be applied to repairs for his wheel.

**The Modern Mother.**  
Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

**Mrs. WALTER S. WATSON,** in her usual charming manner, entertained a few friends at luncheon Tuesday, in honor of Mrs. A. F. Respass, of Frankfort. Among the guests were Mrs. S. M. Trow, Mrs. W. Wadsworth Baldwin and Miss McDougle.

**Mrs. CATHERINE HARRISON,** colored, of this city, died at the home of her daughter in Chicago, June 2nd. She passed most of her life in Maysville, where she was well known and very highly thought of for her many good traits and pleasant manners. Her death is regretted by all.

**Notice.**  
My son, Charles Bendel, has left home, and I hereby give notice to the public that I will not be responsible for any debts he may contract or for anything he does. All are warned not to harbor him.  
H. C. BENDEL.

Secretary.

### MARRIED AT MAYSICK.

William Early Worick Weds One of The County's Most Charming Daughters, Wednesday.

The Christian Church at Mayslick was the scene of a happy nuptial event Wednesday.

At high noon the marriage of Mr. William Early Worick and Miss Tillie L. Rees was solemnized, the Rev. F. M. Tindler, pastor of the church, officiating. The church was very handsomely decorated, and was thronged by the friends and relatives of the happy couple. Messrs. Clay Worick, of this city, Frank Byrne, of Clifton, Cincinnati, Mr. Welburn Rees, of Fern Leaf, and Mr. Lake Martin, of Manchester, were the ushers. Mr. William N. Stockton was the bridegroom's best man, and the bridesmaid was the charming Miss Mand Kirk, cousin of the bride.

After the ceremony, the party drove to the home of the bride. Here the happy couple spent a short time receiving congratulations and good wishes, after which they drove to this city, and left on the 4 o'clock train on their bridal trip. They go from Cincinnati to Central Kentucky, where a week or two will be spent with friends.

The bride, who is a tall and queenly beauty, was superb in her magnificent gown of rose-colored silk and handsome cream trimmings, whose becomingness was enhanced by a large cream hat trimmed in Bride roses. She carried Bride roses and made a beautiful picture beside the groom, who was very handsome in the conventional black.

The bride, who is widely known for her intellectual attainments and attractive style, as well as her personal beauty, is a daughter of Mr. W. J. Rees, one of Mason's best and most highly esteemed farmers.

The groom is a handsome young man, son of Mr. and Mrs. Alfred Worick, of this city, and has long been popular in Maysville society. With his fine character and perfect manhood, their future happiness is assured for "he is the half part of a blessed man to be finished by such as she, and she, a fair divided excellence whose fullness of perfection lies in him."

All friends wish them much happiness, and the BULLETIN joins most heartily in the congratulations and good wishes.

RYAN-CONLEY.

Mr. John Ryan, of the Mayslick precinct, and Miss Mary Conley, daughter of Mr. John Conley, one of the substantial farmers of Peel, were united in the holy bonds of matrimony yesterday afternoon in the Mayslick Catholic Church, Rev. Father Hickey officiating. The groom is one of the industrious farmers of his neighborhood and is to be congratulated on his selection of a help-meet through life, Miss Conley being an accomplished and most estimable young lady. The happy couple left immediately after the ceremonies for this city where they took the train for Louisville and other points on their bridal trip.

### Handsomeness Dividend.

At a meeting of the Board of Directors of the Union Trust Company June 8th, Mr. Dan Perrine was elected Treasurer to fill the vacancy caused by the death of the late Thomas Wells.

A dividend of 7 per cent was declared, payable July 1st.

Lightning Hot Drops—  
What a Funny Name!  
Very True, but it Kills All Pain.  
Sold Everywhere. Every Day—  
Without Relief, There is No Pay!

### COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere

#### EAST LIME-TREE.

Rev. Theobald, of Bracken, is visiting his brother, William, this week.

Mrs. Margaret Williams has about recovered from her recent severe illness.

Miss Mary Dailon, of the city, was visiting relatives here Thursday of last week.

Howard Williams was visiting relatives at Cottageville from Saturday until Monday.

Miss Flora Tully, of Cottageville, is the pleasant guest of her aunt, Mrs. R. C. Williams, this week.

Mr. and Mrs. John Stewart, of Bridgeport, were the guests of her sister, Mrs. Zeak Meyers, Saturday and Sunday.

The present drought is becoming quite trying to all growing crops, and the farming interests are beginning to suffer. A light but refreshing shower fell Tuesday of last week, and many farmers set out their few and precious tobacco plants, and are now regretting it as they have about all perished. From present appearances Mason County will fall behind this year, with her usual quantity of production of tobacco if all the neighborhoods in the county compare with this.

LONDON, June 12.—The health of the Sultan Constantine says it is feared that the Sultan's health has suffered on account of his anxieties on the Armenian question and other difficulties and that symptoms of paralysis have appeared.

The outing at Oligo-nunk June 19th, under auspices of the Central Presbyterian Church, will prove one of the most delightful of the season. A special train will take the party, leaving Maysville at 8 a. m. Fare, \$1.50 round trip, including admission to caves and services of a guide.

#### Notice.

Fill your coal houses now with the celebrated Black Band Kanawha semicannel coal for which I am agent.

WILLIAM DAVIS.

#### I. O. R. M.

Meeting of Wyandotte Tribe No. 3, I. O. R. M., to-night at 7:30 at K. of P. hall. A full attendance desired.

## The Babe On Your Breast

depends on you for nourishment. On what do you depend? If you want your child to be healthy and strong, not weak and puny, you should insure the health of your system by taking

## Brown's Iron Bitters.

It's the scientific combination of iron, the great strength giver, with pure vegetable tonics, that makes Brown's Iron Bitters so valuable to nursing mothers and everyone else requiring a strengthening medicine.

Brown's Iron Bitters is pleasant to take and will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper.

BROWN CHEMICAL CO.,  
Baltimore, Md.

### AN ORDINANCE

Levying the Taxes in the City of Maysville for the Year 1895.

Be it ordained by the Board of Commissioners of the City of Maysville, That a tax of 25 cents on each \$100 worth of taxable property in the city of Maysville be, and the same is hereby, levied for the purpose of taking up outstanding indebtedness; and the Treasurer is authorized to collect the same and account for it according to law.

Be it further ordained, That a tax of 65 cents on each \$100 worth of taxable property in the city of Maysville be, and the same is hereby, levied for general purposes, the Treasurer to collect the same and account for it according to law.

Be it further ordained, That a poll-tax of \$1.50 on each male inhabitant of the city of Maysville over 21 years of age, and the same is hereby, levied for the year 1895, to be collected and accounted for by the Treasurer according to law.

Be it further ordained, That this ordinance shall be in force from and after its passage. Adopted in Council June 6th, 1895.  
Attest—  
WILLIAM H. COX, Mayor.  
C. E. BROSE, City Clerk.

#### NOTICE.

All persons knowing themselves indebted to the estate of James Redmond, deceased, are notified to settle with the undersigned at once; and all persons having claims against said estate are notified to present them at once, properly proven, to the undersigned, or her attorneys Messrs. J. A. Cole & Sons, for payment.

MARGARET REDMOND, Administratrix of James Redmond, deceased.

## What is

# CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

#### Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD,  
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE,  
Conway, Ark.

#### Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,  
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY,  
Boston, Mass.

ALLEN C. SMITH, Pres.

The Centaur Company, 77 Murray Street, New York City.
